Escape Room is an immersive and interactive real-life escape game. Locked in a room with your colleagues, participants have 60 minutes to solve challenging puzzles to escape the room.

The game is played in groups of 3-6 participants using tablets and various props. The teams are bombarded with tricky missions of various types, that can be solved sequentially or in parallel.

As the teams progress, more levels are opened up with increasing difficulty. The aim is to crack challenges, collect letters and solve the final challenge to escape the room.

# Storyline & Customisation

A group of hackers have managed to break into your servers and lock down all your corporate files. They threaten to erase it all in 60 minutes. But the hackers are not motivated by cash, their agenda is more philosophical. If you and your teams prove your worth, they might relent.

The game can be customised, combine great fun and more business value. Some examples are:

- ✓ Free the Management Board
- ✓ Level up your Culture and Diversity
- ✓ Synchronise your Strategy
- ✓ Break your Silos
- ✓ Policy & Compliance Race
- ✓ Or tailor to your own specific theme
